leaving for work

I wasn't born a rich person's daughter

As someone fresh out of the countryside, how could I have earned a lot of money

Whenever incidents occurred, I would use my body and go to pawnshops

I was grateful unto tears when I met other people of power

However, we weren't of the same mind

There were none that helped people

There were some that asked for help

OH, HELLO

OWNED

YES?

a mess

WHAT IN THE WORLD!

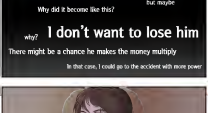
HOW LONG WERE YOU TOGETHER?
I'M NOT SURE, MAYBE A YEAR
TWO YEARS..
As we were together, I paid less and less attention to the news and newspapers

did well

Don't go against him, just listen obediently
I did everything to get out of my hometown
how could I tell her that my easy-to-be husband is addicted to gambling?
Thought I'd be married & living happily ever after, but I'm actually living in hell

found it

from this moment



He wasn't like this in the beginning
but maybe
Why did it become like this?
why?
I don't want to lose him
There might be a chance he makes the money multiply
In that case, I could go to the accident with more power

it snowed

UNNI
IS EVERYTHING ALRIGHT?
